

## “Let It Grow”

Some things need to be **stopped** and **impeded** from growing – like weeds.

The very nature of a weed makes it **disastrous** to other plants.

Plants that produce **good fruit** need to have free reign.

If allowed to **grow**, they will eventually provide a **full harvest** of good fruit.

Such is the nature of the **Seed of God’s Word**.

There is nothing lurking in God’s Promises that we need to be wary of.

When allowed to **grow**, each of His Promises will produce exactly what we expect.

In the natural course of things, this is exactly what God said when He began **creating**.

**Every seed** will produce after its kind.

Spiritually, when we **believe** God’s healing word, then healing is born.

*He sent His word and healed them, and delivered them from their destructions.*

*Psalms 107:20*

A **Healing Word** produces Divine healing!

Our deliverance from poverty began with a **Word**.

Healthy marriages are accomplished by a **Word**.

Families and healthy children are produced the same way – by the **Word**.

### Challenge Reminder:

**Read five chapters in the Word and pray in tongues for 30 minutes.**

*"Likewise the Spirit also helps our weaknesses. For we do not know what we should pray for as we ought, but the Spirit HIMSELF makes intercession for us with groanings which cannot be uttered. Now He who searches the hearts knows what the mind of the Spirit is, because He makes intercession for the saints according to the will of God." -Rom. 8:26-27*
